Waveney Ramblers Harleston 0 Rural Rambles - Harleston

Track: **TM 24453 83475** **GPX for SatNav** Various Miles Updated: 2021

Here are nineteen walks around Harleston.

The footpaths are mostly in good condition but the river Waveney tends to flood, mainly in winter, so the floodplain is best avoided at these times.

Some of the walks cross the A143. During busy times this can be particularly dangerous.

There is some lane walking. These roads are quiet but take care all the same.

The website has GPX and KML downloads of the walks for use with handheld GPS receivers.
The trails have been shared on Wikiloc and you can use their "app" to follow the trails.
The maps have a QR code that takes you to the Wikiloc trail.

Waveney Ramblers tries to stay on rights of way and keep safe. These maps are a "best effort" to document our routes but there may be errors, especially if paths have not been reinstated or signposted. Local conditions change from day to day and with the weather and seasons. Paths get diverted or closed. A safe walk today could become unsafe tomorrow. So please rely on your own good sense. Use these guides as a starting point and not as Biblical authority. As always the main danger is road traffic.
