

# Waveney Ramblers South Downs 0 Group Holiday - South Downs

Track: [SU 75083 06146](#) [GPX for SatNav](#) Various Miles Updated: March 2025

## THE LOCATION

This series of walks is in a triangle including Portsmouth, Chichester and Petersfield. The OS maps needed to cover this and the surrounding areas are Explorer 185, 196, 197 or Landranger 03, 08, 29, 33.

## THE WALKS - LOCAL RAMBLERS WILL BE VERY WELCOME TO JOIN IN

The walks start easier and then alternate between level or easier terrain and walks with increasingly strenuous ascents. Our pace will be moderate, especially uphill. Your leader is 71 and would go uphill faster were he slimmer and younger.

## WHERE TO STAY

Come for a few days or the entire nine walks. Please book your own accommodation and visits like the Mary Rose, HMS Victory or HMS Warrior, 1860. There is no obligation to walk every day. This is a touristic area and there are hotels, Airbnb, glamping sites, caravan parks and other options. The A259 links Havant and Chichester. Most of the walks are near or north of this road. Avoid Portsmouth. It's congested and driving in and out might be tiresome.

PLEASE CONTACT NEIL if you'd like to join these walks. 07 411 811 093 or [nbauers@btinternet.com](mailto:nbauers@btinternet.com)

TECHNOLOGY: Not required but recommended - Google Maps (free), BikeGPX (free) and The OS App (subscription).
